RE: Application No. 10/075,569 Filing Date
2/13/02. Title Perpetual motion fan module.
By Rudolph Bailey Sr./DBA JESUS & Bailey Inc

Commissioner for patents

Enclosed please find revised drawing sheets as following: FIGS. 1, 1A, 2, and 3A for the following reason. The specifications states that the batteries mentioned in the enclosed drawings should be connected in series to increase volts; however the said drawings represented parallel connections which would increase amps instead. The said enclosed revised drawings has been changed to agree with the specifications. There has been no other changes to the said enclosed drawing sheets. Please incorporate the said enclosed drawing sheets to my present pending application. Thank you very kindly.

Very truly yours

Rudolph V. Bailey Sr.
